**2009-2010 ESEA Consolidated Application — Neglected (Electronic) Title I, Part D, Subpart 2**  
**Date Due: August 31, 2009**

**Please access the ESEA Consolidated Application using your school district assigned userid and password.**

Districts that elect to serve as the fiscal agent for a residential institution that declares its primary mission as service to **Neglected only** students, and where the two entities have established close collaboration and coordination in planning for Title I D programming and professional development within the consolidated plan, will include the strategies/activities and services to be provided related to the performance indicators in the Program Plan section and complete the Title I D budget pages.

**An institution for neglected children is defined as: A public or private residential facility, other than a foster home, that is operated primarily for the care of children who have been committed to the institution or voluntarily placed in the institution under applicable state law, due to abandonment, neglect, or death of their parents or guardians.**

The districts and institutions that will file this type of plan are:

- **La Crosse** - Family and Children's Center
- **Waupaca** - Tomorrow's Children

**2009-2010 ESEA Consolidated Application — Delinquent (not available electronically/paper only) Date Due: August 31, 2009**

Districts that have residential institutions that declared the primary mission of the institution as serving only delinquent children and youth must complete a separate stand alone application. The Title I, Part A ESEA coordinator will work with the institution to complete each section of the application and follow through with submittal by the timeline.

***An institution for delinquent children and youth is defined as: A public or private residential facility that is operated primarily for the care of children who have been adjudicated to be delinquent or in need of supervision.***

The following institutions/districts with a primary mission of serving delinquent students will need to complete the Title I, Part D, Subpart 2 Delinquent paper application include:

- **Ashland** - Prentice House
- **Eau Claire** - Eau Claire Academy

**Stand Alone Paper Application — Neglected — District Serving as Fiscal Agent**

Districts that serve as the fiscal agent for a residential institution eligible for Title I, Part D, Subpart 2 services that have declared that its primary mission is to be **Neglected only** will ensure that a collaborative stand alone application is developed and submitted. The type of program needed at this institution may vary greatly from the district's Title I A supplementary educational program. The Title I A coordinator works closely with the institution representatives to ensure the information requested in the application is complete and accurate prior to filing it with the department. The district as the fiscal agent ensures the program is operated in accordance with the federal Title I legislation. The program developed is focused upon the academic needs of eligible students and must be supplementary to the institution's education program. The institution named below is in this category.

- **Oconomowoc** - Oconomowoc Developmental Training Center (ODTC)

### **DPI Approved External Service Provider for Neglected Only Services**

The district that has a residential institution within its boundaries is always recognized by the federal government as the official fiscal agent to be notified of Title I D funds. When the district finds it cannot serve in that capacity, it signs off as the service provider by notifying the department that it will not be serving as the Title I D fiscal agent. The department then seeks and approves a CESA or other agency as the service provider. If the residential institution has declared its primary mission to serve **Neglected** students, a separate stand alone application is to be submitted.

**Please note on page 6**, the questions that should be responded to in the narrative are specified for **Neglected only** projects.

**The following institutions will be served in this manner during 2009-2010:**

- **Howards Grove** - Willowglen Academy – Howard Jansen Learning Center — *Served by CESA 1*
- **Milwaukee** - Willowglen Academy – Cornerstone *Served by CESA 1*

### **District Approved External Service Provider for Delinquent Only Students**

When a district has signed off as the fiscal agent and a CESA or other provider has been approved by the Department of Public Instruction to administer a residential institution's Title I, Part D, Subpart 2 program that has declared its primary mission to serve **Delinquent** students, a paper application must be developed. A letter of authorization from the district will be needed if the CESA is to continue as the service provider.

- **Milwaukee** - St. Rose Youth and Family Center *(served by CESA 1)*

## **DPI Approved External Service Providers for Neglected and Delinquent Student Services**

Some residential institutions may be serving both Neglected and Delinquent students. Funding will be received on the basis of the primary service definition the institution provided during the annual survey. However, programming may address the needs of both. When the application is developed, information should be provided in the abstract and in the needs statement and goals narrative, clearly describing the population to be served. District/CESA Title I, Part A coordinators and institution staff should collaborate to ensure all components of the application are completed accurately and completely before submission. There may be questions for which non-applicable is the appropriate response due to the nature of the institution's mission. These applications are to be submitted by the official public school or CESA administrator. The department cannot accept an application submitted by the residential institution. Title I, Part A coordinators should ensure the assurances, debarment, and general information sections are complete. Institution representatives should ensure the abstract description is current and accurate. District/CESA Title I A coordinators and institution representatives should ensure the Quality Indicators are developed to help measure the effectiveness of Title I D programs. The Quality Indicators must be used to plan and evaluate the 2009-2010 Program. A copy of the Local Evaluation Plan (Quality Indicators/Results) with the section completed on 2008-2009 results should be forwarded with the 2009-2010 application. The 2008 End-of-Year Project Report (Program Summary Evaluation) should also be submitted with these materials.

### **Title I, Part D, Subpart 2 American Recovery and Reinvestment Act of 2009 (ARRA) Application — Due: August 31, 2009**

#### **The Title I, Part D, Subpart 2 ARRA application must be submitted in paper.**

The Title I, Part D, Subpart 2 American Recovery and Reinvestment Act of 2009 (ARRA) is a one-time supplemental funding for education. This funding is in addition to the annual Title I, Part D, Subpart 2 allocation that will be available for the 2009-2010 school year. ARRA funds may be obligated from February 17, 2009, through September 30, 2011. It is expected that at least 85 percent of the allocation will be budgeted and used during the 2009-2010 program year; however, a reasonable amount of carryover to 2010-2011 will be acceptable.

The Title I, Part D, Subpart 2 ARRA application is an amendment to the 2009-2010 application. The ARRA application will be completed in a paper format and must be submitted by August 31, 2009.

There is no cap on administration for the ARRA funds; however, such charges should be reasonable and necessary to meet the planning requirements.
